DISCLAIMER OF LIABILITY

Vista Healthplan of South Florida, Inc. (VISTA-SFL) – formerly known as Foundation Health, a Florida Health Plan, Inc. – in consideration of the monthly prepayment fees to be paid to VISTA-SFL by you or on your behalf, agrees to arrange for the delivery of healthcare services in accordance with and subject to the terms of the Contract/Certificate of Coverage (Agreement) entered into between you or on your behalf, and VISTA-SFL. VISTA-SFL, in so arranging for the delivery of healthcare services and supplies, does not directly provide these services or supplies. Rather, independent contractors provide these services and supplies. The health care providers listed in this directory who deliver health care services are not the employees or agents of VISTA-SFL. VISTA-SFL shall not be liable for any negligent act or omission committed by any of the providers listed in this directory, or any of their employees or agents who may, from time to time provide medical services to you. VISTA-SFL expressly disclaims any agency relationship, actual or implied, with any health care provider. Any decisions made by VISTA-SFL concerning appropriateness of setting, whether any service or supply is medically necessary, pursuant to this Agreement shall be deemed to be made solely for the purposes of determining whether benefits are due under the agreement between you and VISTA-SFL, and not for the purposes of recommending any medical treatment or non-treatment. VISTA-SFL does not exercise any control or direction over the medical judgment or clinical decisions of any healthcare provider listed in this directory and does not interfere with the physician/patient relationship between you and any health care provider. All medical judgements and decisions remain within the province of your healthcare provider who is solely responsible for all such medical judgements and related treatments.

It is important to know when you enroll in VISTA-SFL Healthplan, services are provided through VISTA-SFL's delivery system, as described in your VISTA-SFL contract certificate of coverage, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.

If you would like to obtain an updated list of physicians,
please call **1-800-441-5501**.

Complete information regarding coverage, specific benefits, limitations and exclusions is contained in the Contract/Evidence of Coverage and the Member Handbook, which members receive after enrollment.

Vista Healthplan of South Florida’s Commitment to Quality

The National Committee for Quality Assurance (NCQA)

The National Committee for Quality Assurance is an independent non-profit organization located in Washington, D.C. NCQA is the nation’s leader in improving the quality of care throughout the managed care industry. NCQA evaluates the internal quality processes of the health plan through accreditation reviews and also develops measures to gauge health plan performance. It is a nationally recognized evaluation that measures how well a health plan manages all parts of its delivery system – physicians, hospitals, other providers and administrative services – in order to continuously improve healthcare for the plan’s members.

Vista Healthplan of South Florida earned “Commendable Accreditation” from NCQA. Commendable Accreditation is granted to those plans that arrange for the delivery of the quality care and service, and whose systems for consumer protection and quality improvement meet or exceed NCQA’s rigorous requirements.

How We Select Our Network

Vista Healthplan of South Florida’s network of Primary Care Physicians and Specialists are contracted in the South Florida service area, which consists of Miami-Dade, Broward and Palm Beach counties. Before any of these physicians are authorized to contract with Vista Healthplan of South Florida, each must pass our thorough credentialing process. We verify their education, work history, licensure and gather information from a variety of sources on their professional conduct. In addition, every physician is recredentialed every three years.

How We Select Our Hospitals

Vista Healthplan of South Florida has defined guidelines for selecting participating hospitals just as it does for physicians. VISTA - South Florida contracts with many of the community’s accredited hospitals to assist with the support of VISTA - South Florida’s commitment of delivering quality medical services to our members.

VISTA - South Florida’s Care Management

Health care today is complicated. Sometimes it is difficult to understand all the treatment options available in every case. Sometimes it is difficult to be certain exactly what is covered and what is not, even with the kind of detailed information VISTA - South Florida provides. Many members tell us they want even more information, so they can take a more active role in making decisions about their health care.

For these reasons, VISTA - South Florida has developed a series of special support, review and information programs. Together, they constitute a special part of VISTA - South Florida’s Care Management Department.

VISTA - South Florida’s Care Management Department gives you important resources to help with the medical care decisions you and your physician must make. The team is comprised of physicians, nurses, and highly trained support staff. In carrying out their responsibilities, team members speak with the treating physician regarding the plan of care. These peer to peer consultations are between your physician and our Plan physician. If needed, VISTA - South Florida participating physicians, external physician peer reviews and Centers of Excellence are contacted for further information.

We believe that our Care Management Department supports sound medical choices and optimal health outcomes. **In the final analysis, however, it is up to you and your physician to make the final decisions about which health care choices are best for you.**

Utilization Management

The Prior Authorization Department allows your physician to arrange for your treatment before you enter the hospital. This allows the facility to treat you according to your attending physician treatment plan. The Prior Authorization Department will assist your physician with choosing the most appropriate facility to treat you. The Utilization Department will also confirm what is covered by VISTA - South Florida.

The services requiring Care Management contact and prior authorization are on this list for a very specific reason. Perhaps the service is provided only at a specific facility in the area, or requires certain criteria to be met prior to the service. The service may be subject to certain benefit limitations or exclusions – and we want to make sure you understand your coverage. All decisions regarding prior authorization are given within a 48-hour timeframe to allow your physician time to properly treat you. There are no emergent procedures on this list.

Here is a partial list of the services that meet the Utilization Management criteria and require prior approval for coverage. Generally, when you anticipate receiving these services, your participating physician will know to contact Care Management for you. To be sure this has been done, you may contact your physician's administrative staff before you are scheduled to receive the services. (POS Plan members – please note that some of the services listed below are not covered benefits when using non-participating providers or if you do not have a referral from a participating Primary Care Physician. Please see your Evidence of Coverage for complete details.)*

- Non-emergent transportation (i.e., land and air ambulances).
- All inpatient hospital admissions (non-emergent).
- Ambulatory surgery (in a hospital setting or in a freestanding surgery center).
- Skilled Nursing Facility admissions.
- Acute Rehabilitation Care (inpatient).
- Inpatient behavioral health, alcohol or substance abuse treatment. (coordinated through Psych/Care)
- Home health care (nursing, physical therapy, occupational therapy, speech therapy and infusion therapy).
- Hospice care.**
- Durable Medical Equipment (customized).
- All services provided by any non-participating provider/facility, except dialysis. ***
- Transplant evaluation and services.

* *This list is not meant to be inclusive. The terms of your Evidence of Coverage shall determine your benefits.*

** *Medicare members are not required to obtain prior authorization for hospice care and may select any Medicare certified hospice.*

*** *Members are not required to obtain prior authorization before seeking emergency care from a non-participating provider/facility.*

Hospital care is one of the most complex services provided to any member. VISTA - South Florida has a group of on-site nurses called *Nurse Liaisons*. These nurses communicate with your physician to ensure appropriate services and continuity of care. They will assist with your discharge planning. The nurses communicate daily to the Plan Medical Directors.

Support begins within 24 hours of your admission to the hospital. It's important for the Nurse Liaison to be in contact early in the hospitalization. They are there as your liaison to the Plan. They can assist you in understanding what happens in a hospital and assist you and your family for any after care you may need, from Home Health to Medical Equipment in your home.

There will also be a team of nurses who will follow your care for 30 days post discharge. They will ensure that you have the prescribed care of your physician.

Complex Case Management*

The Complex Case Management Unit involves itself in catastrophic incidents to our members. If a head injury, spinal cord injury or severe disease process occurs, the Complex Case Manager will be in direct contact with the member or their family. They are there to support them during a most difficult time. They are also there to provide information on Centers of Excellence, appropriate levels of facilities, community resources, and other prescribed treatments. Members may be in the program for weeks to months to years, and Case Management contact may be daily, weekly or monthly – it all depends on the individual condition and the circumstances. All contacts and services have one main purpose: the most optimal health care for you.

VISTA - South Florida's Health Programs and Services

Disease Management Programs

VISTA - South Florida members with certain chronic diseases can find additional assistance through our Disease Management Programs. Through these programs, members may receive specific health education information and/or one-on-one counseling from a nurse trained to understand your particular needs. The nurse works with your physician to help manage the full range of care you may need. All programs are confidential and voluntary.

A registered nurse oversees all of the disease management programs. They work with the member to manage the disease and decrease the risk of complications. Once enrolled in the program, you will receive telephonic and written information about the program. The nurse will also coordinate activities, care and education.

The following programs are currently available for members:

- **Asthma Program.** The Asthma Program provides education on how to manage the disease. Members who are identified as asthmatics will receive telephonic and written information about asthma management, including a subscription to an asthma newsletter and a guide to environmental triggers.
- **Diabetes Program.** The Diabetes Program provides education on how to manage the disease and decrease the risk of complications. Once enrolled in the program you will receive telephonic and written information about diabetes management. A registered nurse oversees the program, coordinating activities, care and education.
- **Heart Disease Program.** The Heart Disease Program is overseen by a group of cardiac nurses who can provide members with the latest information on congestive heart failure (CHF) management, heart health, diet and medications.
- **Renal Disease Program.** The Renal Disease Program provides case management assistance in the coordination of dialysis. A Case Manager oversees the member and provides community resource outlets to the member and the member's family.

VISTA - South Florida Special Case Management Programs and Services

Of course, your physician is the most important VISTA - South Florida resource for you when you or your child is ill or when you or a dependent experiences a major illness. Your doctor also helps you receive continuing care when you join VISTA - South Florida. VISTA - South Florida's Special Case Management programs add an important dimension of service, helping you and your doctor make sure you have all the support you need under these circumstances. Here's how Case Management works in these situations:

- **Wound Care Program.** The Wound Care Program is designed to assist members who have difficulty with healing wounds. Physicians and Nurses use up-to-date technological methods to assist with the healing of these wounds.
- **Ventilator Program.** The Ventilator Program assists members who are on a Ventilator. Case Managers visit members in the hospital, communicate with the Pulmonologist, assist with the appropriate level of discharge, and provide support with obtaining any discharge needs.

- **Obstetrical Program.** Our Obstetrical Program is headed by a team of experienced perinatal nurses who work with obstetricians and Primary Care Physicians to coordinate education and services during pregnancy. Members identified as high-risk for pregnancy complications are monitored on an as-needed basis and counseled on healthy behaviors that promote maternal and newborn health. The program also offers general information on breast feeding, postpartum and newborn care.
- **Pediatric Services.** An experienced nurse is available to coordinate your child's needs. The pediatric nurse works directly with the child's family and pediatrician to identify plan specialists, facilities and resources in the areas that meet the child's needs.
- **Transition of Care Services.** VISTA - South Florida provides transition services for you if you are a new member as identified through the *Transition of Care* form. These services are designed to facilitate a smooth transition into VISTA - South Florida's managed care system.
- **Transplant Services.** A specialized nurse experienced in transplant case management works closely with your physician, the transplant center and you to coordinate your medical care. The transplant case manager follows your care beginning with the pre-transplant evaluation phase through one year post-transplant or longer if necessary.

Health Promotion and Wellness Initiatives

An important part of VISTA - South Florida's commitment is helping you stay healthy. That's why we offer Health Promotion Initiatives that encourage appropriate immunizations, examinations and public awareness. Our Member Newsletters promote the importance of annual physical examinations and immunizations for VISTA - South Florida members of *all* ages. Newsletter articles remind members to schedule these services with their primary care physician. In addition, these newsletters also provide pertinent, age specific educational information on common health related issues. These include: child safety, dental care, heart health, men's health, osteoporosis, sexually transmitted diseases, smoking, women's health and more.

* *Whether a VISTA - South Florida member is accepted into a particular Case Management or Disease Management Program is at the sole discretion of VISTA - South Florida.*

Your Doctors

Primary Care Physician

The first and most important decision you must make is the selection of a Primary Care Physician (PCP) from among the list of participating PCPs. This decision is important since it is through the PCP that all other health services, particularly those of referred Specialists, are obtained. Each member of your family enrolled with Foundaiton may select their own Primary Care Physician. You may select any one of the Primary Care Physicians in this directory. For children 14 and under, you must select a pediatrician or a family practice doctor who accepts children.

Your PCP will coordinate all of your health care needs. Your first responsibility is to have a copy of your medical records from your present physician(s) sent to your PCP so that any existing health conditions can be considered when you need medical care. All of your health care must be received from, or arranged by, your PCP. Your PCP is available 24 hours a day, 7 days a week. Please contact your PCP for all medical care including referrals for Specialists. If he/she is not available, a covering physician will be able to help you.

VISTA - South Florida knows the importance of establishing a close patient-physician relationship. Be sure to discuss your medical concerns with your PCP and ask questions if you do not understand instructions about your health care. Together, you and your PCP can build a sound relationship – the first step in assuring personalized care and your good health. VISTA - South Florida determines the appropriateness of any service or supply with regard to coverage under the Group Master Contract or Evidence of Coverage. Such decisions are not recommendations for or against any medical treatment.

Preventive care is very important to you and to us. Therefore, periodic screenings and check-ups are included in your benefit plan. To promote your good health and to keep you up to date with preventive care measures, your active participation is vital. Please schedule an appointment with your PCP so that you may maintain your good health and enjoy an active life. To schedule a visit with your PCP, please call the number printed on the front of your membership identification card. All appointments should be made in advance. In fairness to patients with appointments, if you visit your PCP without first calling and arranging a scheduled visit, you may have to wait or come back another day. It is always better to call first so your PCP can make arrangements for your visit.

We understand that there are times when you may be unable to keep a scheduled appointment. Please call to cancel as soon as possible so that other patients in need of immediate care may be seen.

Should you fail to select a PCP, VISTA - South Florida reserves the right to select one for you to ensure continuity and accessibility of care. VISTA - South Florida will inform you in writing of the name of the PCP selected for you.

If you wish to change your PCP, you may do so by calling 1-800-441-5501, Monday through Friday, between the hours of 8:00 am and 6:00 pm. A Customer Service Representative will assist you with making the change. If you are hearing or speech impaired and use a telephone device for the deaf, you may call 1-888-444-7352. A new ID card will be sent to you reflecting the change. Please note that PCP changes will take effect on the first day of the month following notification.

Seeing a Specialist

First, remember that your Primary Care Physician (PCP) is well trained to care for most of your medical needs; however, if you have a health concern beyond the expertise of your PCP, he/she will refer you to a Plan specialist to assist in caring for that medical condition. Your PCP is responsible for the coordination of your specialty care and will continue to manage your medical needs.

Always think of your PCP as your partner. Working together, the two of you can make sure you receive the care you need. Your PCP will coordinate your care with appropriate VISTA - South Florida providers and will issue a referral, as he/she deems medically appropriate. Some services that require a referral are:

- Diagnostic testing (for example, an ultrasound, or a chest x-ray).
- Specialist visit(s).

VISTA - South Florida offers direct access (no referral required) to several services. **Always remember that you must seek care from a participating provider.**

Referrals are not needed for the following services:*

- Chiropractors (12 visits per calendar year).
- Podiatrists (12 visits per calendar year).
- Vision (when services are obtained at a participating Optometrist's office).
- Dental (if you have this benefit you can contact CompDent directly at 1-800-432-3376).
- Mental Health/Substance Abuse (if you have this benefit, please call Psych/Care directly at 1-800-221-5487).
- Dermatologist (first five visits each year for medically necessary conditions; if in doubt, we recommend that you consult with your PCP first).
- Annual Well-Woman examination and any follow-up care as a result from the examination.
- Annual retinal examination with an optometrist if you are diabetic. If you must see an ophthalmologist, please call your PCP.
- OB/GYN (if you are pregnant or think you may be pregnant).

* *Subject to terms, conditions, limitations and exclusions set forth in your Evidence of Coverage.*

Some specialty services must be approved not only by your PCP, but by VISTA - South Florida as well. In these situations, your PCP will submit the request for approval to VISTA - South Florida's Care Management Department. Please see the list of items on page ii, which require prior authorization from VISTA - South Florida.

For continuing acute medical conditions, please note that VISTA - South Florida's Care Management Department will assist you with continuing referrals.

Please note that if you are under the care of a participating specialist when you join VISTA - South Florida, you must visit your PCP to receive a referral prior to continuing care with that specialist.

Note: This information applies to members enrolled in VISTA - South Florida HMO and POS plans. VISTA - South Florida PPO members follow different procedures, as noted in the VISTA - South Florida PPO Member Handbook.

Getting the Care that You Need

In an Emergency

Prior authorization for emergency treatment is not required.

Seek immediate medical attention for symptoms such as chest pains, breathing difficulties, bleeding or unconsciousness. Go to the nearest hospital emergency room or call 911. Note that all follow-up care must be coordinated with your Primary Care Physician.

It is important to notify VISTA - South Florida and your Primary Care Physician of an Emergency Medical Condition so that we can be involved in the management of your health care and a transfer can be arranged when your medical condition is stable (depending on the distance involved). Please contact your Primary Care Physician and VISTA - South Florida at the number located on your VISTA - South Florida membership card as soon as reasonably possible.

Scheduling Appointments

Vista Healthplan of South Florida contracted physicians are required to schedule appointments based on medical need. Please note that your physician will be able to assist you in determining the type of appointment you require for your health care needs.

The length of time it takes to schedule an appointment will vary based on medical need. First priority will always be given to emergent and urgent conditions. Certain non-urgent services, such as the physical examination and routine eye exams require advance notice.

Here's a quick reference on scheduling appointments:

- **Urgent Appointment:** An urgent appointment for an acute medical condition, or a condition that may become an emergency if not treated (such as persistent fever, stomach pain of unknown cause, new symptoms of dizziness, or suspected broken bone), should be **scheduled within 24 hours of contacting your Primary Care Physician's office.**
- **Routine Sick Care Appointment (Symptomatic):** An appointment for a specific health concern that is not of an urgent nature (such as skin rash or allergies) or for continuing care of a problem for which your doctor has already seen you, should be **scheduled within one week of contacting your Primary Care Physician's office.**
- **Well Care Appointment (Routine Non-Symptomatic):** An appointment for a non-urgent, periodic, and comprehensive review of your health that includes a physical examination such as Women's Wellness or Men's Wellness exam. Well Care Appointments should be **scheduled within 30 calendar days of contacting your Primary Care Physician's office.**

Hospitalization

Your PCP is responsible for coordinating your hospitalization, except for emergency admissions. You, or someone on your behalf, may call our Customer Service Department to ensure that the admitting physician has received prior authorization for your hospitalization. VISTA - South Florida has a network of trained hospitalist physicians who may coordinate your care while you are in the hospital. These physicians will work closely with your PCP to ensure you get all the care that you need while in the hospital. In addition, the VISTA - South Florida clinical staff will work with your PCP to develop discharge plans to ensure continuity of care when you are discharged from the hospital.

Confidentiality

To safeguard your privacy, your personal health information is released only with your written consent or if required by law. To maintain the strict confidentiality of members' health information:

- VISTA - South Florida has confidentiality policies and procedures in place based on good practices and legal requirements.
- VISTA - South Florida requires facilities, providers and their medical record departments to keep members' records confidential.
- All VISTA - South Florida employees adhere to a confidentiality policy as well as adhere to Standards of Conduct that prohibit release of medical records.

Use of Members' Identifiable Information

Identifiable information is data that may cause the patient to be recognized or known. Examples of identifiable information include the patient's name, address, and date of birth or social security number. At the time of enrollment, VISTA - South Florida members authorize VISTA - South Florida to use their member identifiable information for general treatment, coordination of care, quality assessment, utilization review, fraud detection or accreditation purposes. If patient-identifiable information is to be used for any other purpose or shared with any other organization, VISTA - South Florida must obtain clear and specific consent from you, unless such release is legally required.

As a VISTA - South Florida Member, You Have the Right To . . .

- Review your health information as well as review which departments or agencies have access to your identifiable health information.
- Protect against unauthorized disclosure of identifiable health information.
- Approve the release of any identifiable information beyond VISTA - South Florida unless mandated by law.
- Give explicit consent prior to your employer having access to your identifiable health information unless mandated by law.
- Protect against release of any identifiable health information for the collection, use or sharing of data.
- Expect that all information used for research or performance measurement will be limited, in that all data will be de-identified or aggregated before release.
- Contact VISTA - South Florida's Compliance Officer to file a complaint or appeal if you feel that your health information was used without proper consent.

Advance Directives

Under Florida law every adult has the right to make certain decisions concerning his or her medical treatment. The law also allows for your rights and personal wishes to be respected even if you are too sick to make decisions yourself.

You have the right, under certain conditions, to decide whether to accept or reject medical treatment, including whether to continue medical treatment and other procedures that would prolong your life artificially. These rights may be spelled out by you in a “Living Will,” containing your personal directions about life-prolonging treatment in the case of serious illness that could lead to death. You may also designate another person, or surrogate, who may make decisions for you if you become mentally or physically unable to do so. This surrogate may function on your behalf for a brief time, or longer for a life-threatening illness. Any limits to the power of the surrogate in making decisions for you should be clearly expressed. Accident or illness can take away a person’s ability to make health care decisions. But decisions still have to be made. If you cannot do so, someone else will; and sometimes this causes the burden, delay and expense of court proceedings. You should consider whether you want to take steps now to control these decisions so that they will reflect your own wishes.

Living Will

A Living Will or Declaration is a statement of your wishes regarding the use of life-prolonging treatment if you have a terminal condition. A Living Will is different from a will, which disposes of your property after your death. Generally, a Living Will is a statement that you desire to be allowed to die and not be kept alive by medical treatment when your doctors conclude that you are no longer able to decide matters for yourself and that your condition is terminal. If you would not want to be kept alive by use of a feeding tube or other artificial means of providing food and water, specifically state this.

Surrogate Designation

If you are too sick to make decisions, close family members or a close friend usually will decide with the doctor and nurses what is best for you. A written designation of a health care surrogate establishes a rebuttal presumption of clear and convincing evidence of your designation of a person to make these decisions.

If you want to name someone you trust to make all other medical decisions for you when you are too sick to do so yourself, you may wish to put this in writing. Remember, if you want this person to also make decisions about the use of machines and medical treatment that might delay your death when you are hopelessly ill, name the same person in your Living Will. It is advisable to name a replacement in case the person you have chosen to make decisions for you becomes unable or unwilling to do so.

If you decide to make a Living Will or other advance directive, you should give a copy to your doctor, your closest relative or friend and any hospital, nursing home or other facility where you are receiving treatment or care. If you change your mind, make sure that you do advise all those to whom you have given copies.

A Living Will in no way affects life insurance. Also, it cannot be required as a condition for being insured for, or receiving health care services. Any medical treatment that is used for the purpose of providing comfort care or to alleviate pain will be continued.

A summary like this cannot answer all of your questions or cover every circumstance. If you have questions about your particular legal situation, please talk to a lawyer. Also, ask your family physician to assist you.

Our Customer Service Department

The Customer Service Department is available to assist you with any questions, issues or problems. In addition, they will assist you with any PCP change, ID Cards, claims and eligibility questions. Please call the Customer Service Department, Monday through Friday from 8:00 a.m. to 6:00 p.m. at **1-800-441-5501**. Or for the hearing impaired call TDD# 1-888-444-7352 or write to:

Vista Healthplan of South Florida
Customer Service Department
1340 Concord Terrace
Sunrise, FL 33323

At VISTA - South Florida, we are committed to member satisfaction. We will try to resolve any problems you may encounter over the telephone, but sometimes, additional steps are necessary. In these cases, we have a Grievance Procedure available that provides channels for you, or a provider acting on your behalf, to voice your concerns and have them reviewed and addressed at several levels within the Plan.

VISTA - South Florida's Grievance Procedure is designed to provide prompt, meaningful and confidential resolution of member concerns regarding quality of care, physician behavior, office waiting times, claims payment, and other similar matters.

The Grievance Procedure includes informal as well as formal grievance steps. A grievance is not considered formal until a written request for grievance review or a completed VISTA - South Florida "Formal Grievance/Appeal Form" requesting formal action has been received by VISTA - South Florida's Grievance & Appeal Administrator. You have one year from the date of event/occurrence upon which the complaint is based to file a verbal or written request for grievance review.

Level 1 - Informal Grievance - or - Complaint

If you have a complaint please discuss your concern with our Customer Service Department by 1-800-441-5501 or visiting VISTA - South Florida during normal working hours. In accordance with Section 641.47 (5) F.S., *a complaint means any expression of dissatisfaction by a subscriber, including dissatisfaction with the administration, claims practices, or provision of services, which relates to the quality of care provided by a provider pursuant to the organization's contract and which is submitted to the organization or to a state agency.* Every attempt will be made to resolve your concern during your initial phone call or visit.

If you are not satisfied with our response, you have the right to file a formal written grievance. In accordance with Section 641.47 (10) F.S., *a grievance is a written complaint submitted by or on the behalf of a member or provider to the plan or the agency regarding the: availability, coverage for the delivery, or quality of health care services, including a complaint regarding an adverse determination made pursuant to utilization review; claims payment, handling, or reimbursement for health care services; or matters pertaining to the contractual relationship between a member or provider and the plan or agency.* You may write us a letter specifically requesting a grievance review. Ask our Customer Service Department to provide you with a VISTA - South Florida "Formal Grievance/Appeal Form". If necessary, a Customer Service Representative will assist you with preparing your grievance. You may file a Grievance or Complaint one of three ways:

By phone: 1-800-441-5501
Customer Service Advocates are
available to help you Monday through Friday, 8 am – 6pm

In person: Customer Service Walk-In Unit
1340 Concord Terrace
Sunrise, FL 33323
Monday through Friday, 8:30 am – 5:30 pm

In writing: VISTA - South Florida Grievance and Appeal Department
1340 Concord Terrace
Sunrise, FL 33323

Level 2 - Formal Grievance

Should you disagree with the outcome of the Level – 1 review of an informal grievance, VISTA - South Florida provides an optional Level - 2 Formal Grievance process for members. Level – 2 grievances may be submitted in writing, as long as it is received by VISTA - South Florida within 30 days of your receipt of the Level – 1 determination. You may also file your formal grievance with the Florida Agency for Health Care Administration or the Florida Department of Insurance. Please be sure to include all additional information and copies of pertinent documentation such as your medical records.

If your grievance is due to an *adverse determination* and denied, you also have the right to request a Level – 2 formal grievance within 30 days of the determination. An *adverse determination* means a determination by us that an admission, availability of care, continued stay, or other health care service has been reviewed and, based upon the information provided, does not meet VISTA - South Florida's requirements for medical necessity, appropriateness, health care setting, or level of care or effectiveness. Coverage for the requested service is therefore denied, reduced or terminated.

All formal grievances will be acknowledged by VISTA - South Florida within 5 business days of receipt. You will receive written notification from VISTA - South Florida of the grievance outcome once a determination has been made, or within thirty (30) business days from the date of receipt. If your grievance involves activities which occurred outside the service area, or requires the collection of information from outside the service area, VISTA - South Florida shall have an additional 15 days in addition to each of the response/notice periods set forth above, to process your grievance.

If you disagree with our Level 2 determination, you may request either verbally or in writing a review by the VISTA - South Florida Grievance Review Panel (“the Panel”). For adverse determinations, the majority of the Panel will be persons who have the appropriate expertise, and who were not involved in the initial adverse determination. A person who was previously involved in the adverse determination may appear before the Panel to present information or answer questions. Each party related to the grievance has the right to appear in person to present arguments. The Panel will issue a final decision to the subscriber, and provider if any, who files on behalf of the subscriber, within thirty (30) business days of a request for a Panel review. All grievances will be finalized within 60 days of receipt of the formal grievance unless additional time is needed to collect information outside the VISTA - South Florida service area.

Expedited (Urgent) Grievance Review

In all cases where the standard 30-day grievance review time frame would jeopardize your life, health, or ability to regain maximum function, you, your legal representative, or physician -authorized to act on your behalf (who is directly involved in your treatment or diagnosis) may file a request for an expedited (urgent) grievance review. You may request this review either verbally or in writing by contacting VISTA - South Florida as specified above. This process only applies to a pre-service or concurrent, and not retrospective, denial. For example, this does not apply to a request for payment of services already rendered but denied, other claims review, or reimbursement. If the expedited review process does not resolve a difference of opinion between VISTA - South Florida and the member or the provider acting on behalf of the member, the member or provider may submit a written grievance to the Statewide Provider and Subscriber Assistance Program.

VISTA - South Florida will, after review and validation of your request, expedite the grievance procedure, and render a determination within 72 hours of receipt of your request. This review will be conducted by appropriate clinical peers who were not involved in the initial determination within 24 hours after receiving a request for an expedited appeal. We will decide within 72 hours and notify you of our decision. Any verbal notice will be followed with written notice within 2 working days.

Level 3 - State Appeals

If you do not accept the decision of the VISTA - South Florida Grievance Review Panel, you have the right to appeal to the Florida Agency for Health Care Administration (AHCA) or the Department of Insurance (DOI) within 1 year from the date of receipt of our decision. If you appeal VISTA - South Florida's decision, your grievance will be reviewed by the Statewide Provider and Subscriber Assistance Program. You also have the right to contact the AHCA or DOI at any time to inform them of an unresolved grievance.

The Statewide Provider and Subscriber Assistance Program will not hear a grievance if the member has not completed the entire VISTA - South Florida Grievance process, nor if the member has instituted an action pending in the state or federal court.

Other Agencies

Pursuant to Florida law, VISTA - South Florida may not provide information to you concerning the outcome of quality of care complaints. If you need further assistance, you may contact:

The Florida Agency for Health Care Administration and the Statewide Provider and Subscriber Assistance Program

2727 Mahan Drive, Mail Stop 26, Tallahassee, Florida 32308
telephone 1-888-419-3456 or 850-921-5458

The Florida Department of Insurance

200 East Gaines Street, Tallahassee, Florida 32399
telephone 1-800-342-2762.

Claims

Florida Law specifies that, except for copayments, HMO members cannot be responsible for any bills of providers for covered services. Therefore, except for an unpaid copayment, you should not receive a bill for treatment of services from authorized VISTA - South Florida Physicians and Hospitals. If you do receive a bill please contact our Customer Service Department.

If you disagree with the way your claim has been processed, you may appeal the result by writing to:

Vista Healthplan of South Florida

Grievance and Appeals Department

1340 Concord Terrace

Sunrise, FL 33323

Coordination of Benefits – (COB)

If you have coverage through more than one health insurance company, one is held as a primary and the other is secondary. Please inform VISTA - South Florida Customer Service Department about any other health care coverage in order to ensure that the benefits covered by all of the plans are properly coordinated and to ensure prompt payment of claims. You may receive a letter from VISTA - South Florida, asking if you have other health insurance coverage. If you do, please complete the form and mail or fax it back to the Plan.

VISTA - South Florida's Prescription Drug Program

If you receive your prescription drug coverage from VISTA - South Florida, your prescriptions can be filled by any participating VISTA - South Florida pharmacy throughout VISTA - South Florida's service area. Pharmacy locations are listed in this Provider Directory. For most recent updates, the Customer Service Department can tell you which participating pharmacies are included in the VISTA - South Florida pharmacy network.

VISTA - South Florida has a drug formulary*, which is defined as a list of drugs, both brand name and generic, approved by the plan as covered medications. A committee comprised of doctors, pharmacists and other health care professionals evaluates formulary drugs. Our Pharmacy and Therapeutics Committee regularly reviews the formulary list to be certain it meets the medical needs of our members and physicians.

Physicians are expected to prescribe the appropriate medication for you from this list. However, Non-formulary drugs are also available at a higher copay. If you wish to obtain a copy of the current formulary, please call our Customer Service Department at 1-800-441-5501, Monday through Friday, between the hours of 8:00 am and 6:00 pm. If you are hearing or speech impaired and use a telephone device for the deaf, you may call 1-888-444-7352.

Anytime you receive a prescription for a new drug, you may want to ask your physician if the prescribed drug is on VISTA - South Florida's formulary.

If you are going on vacation, VISTA - South Florida offers up to a 90-day vacation supply of medication per year. If you are planning to travel outside of the service area, please contact your participating pharmacy at least 72 hours in advance to arrange for your vacation supply. Please note that your prescription must have refills available to receive the vacation supply.

**The VISTA - South Florida drug formulary may not apply to some members. For more complete details, please see your group's Summary of Benefits or Prescription Drug Rider.*

Prescription Drug Formulary

VISTA-SFL's Drug Formulary

These eight pages are a complete, alphabetical list of our Drug Formulary. In medical terminology, a preferred drug list is called a Formulary. It contains both generic and brand name drugs, many of which are commonly prescribed by your physician. A drug that is not on the Formulary is considered a non-formulary drug.

What is a Generic Drug?

Generic drugs are copies of brand-name medications whose patent has expired. Only those generic drugs that have been proven to be just as safe and effective as their brand-name counterparts are listed. To be on our Formulary, all drugs must be approved by the U.S. Food and Drug Administration (FDA) and proven safe and effective. In most cases the Pharmacist will dispense the generic equivalent (if available) unless your physician notes "Dispense as Written" on your prescription.

Brand vs. Generic

Please note that once a formulary brand name patent expires, the generic will automatically become formulary once it is available. If you continue to choose brand name products, you will be charged the cost difference between the brand and the generic, plus the brand copay. Brand name drugs are indicated with a registered trademark (®) symbol. Covered drugs are listed in **BOLD**. Other drugs listed are a description only and are not necessarily covered. Your benefit description will identify excluded medications or medication that may require prior approval. The Drug Formulary is evaluated on a quarterly basis by the Pharmacy and Therapeutics Committee.

Have Additional Questions?

If you have any questions, please call the Pharmacy Services Department at **1-866-VISTA-RX (1-866-847-8279)**, Monday through Friday from 8:30 am to 5:30 pm.

***Bolded** drugs are covered on VISTA-SFL's drug formulary. The Formulary is evaluated on a quarterly basis. To determine which medication fits your health care needs, please consult your physician regarding any drug treatment decisions for your health care.*

Broward County Contracted Hospitals

The hospitals listed below are available for inpatient services. Not all hospitals on this list may be available to you for routine outpatient services and procedures. VISTA may utilize other network facilities for certain outpatient services.

Your Primary Care Physician will coordinate and arrange all of your hospital, specialty and home health care when medically necessary in the most appropriate setting for your medical and surgical needs. Consult your Primary Care Physicians or the Customer Service Department if you have any questions about the availability of services.

Miami-Dade County Contracted Hospitals

The hospitals listed below are available for inpatient services. Not all hospitals on this list may be available to you for routine outpatient services and procedures. VISTA may utilize other network facilities for certain outpatient services.

Your Primary Care Physician will coordinate and arrange all of your hospital, specialty and home health care when medically necessary in the most appropriate setting for your medical and surgical needs. Consult your Primary Care Physicians or the Customer Service Department if you have any questions about the availability of services.
